# WHO WE ARE

## A Whole-Person Approach to Cancer Care

The West Island Cancer Wellness Centre (WICWC) is a registered charity dedicated to offering compassionate care and support to anyone experiencing cancer, either having it themselves or supporting someone with cancer.

We exist in response to the demand for a whole-person integrated approach to wellness that focuses on improving the health and well-being of people living with cancer by addressing their emotional, physical, spiritual, social, informational, practical, and systemic needs, collectively known as the 7 pillars of wellness.

All our programs are created to support and complement traditional medical practices and are **FREE** thanks to the Centre's fundraising events, community fundraisers and the generosity of our donors.

 Over 1,450 active participants (cancer patients and their supporters), use WICWC services

Over 3,500 hours of free programming are offered to our participants each month at the Centre

 Over 30 new participants each month walk through the WICWC doors looking for help
